PLATFORM

- Educational Opportunities
 - Expand online, remote site and regional educational opportunities for members
- Partnerships
 - Meet regularly with key representatives with Federal, State and Local Agencies and Non-Governmental Organizations to review policies and collaborate on major issues and current events impacting our communities
- Food Safety Network
 - Create a group of food safety experts from NEHA and multiple agencies to track and make recommendations on legislation, policy and training materials
- Workforce Development
 - Launch grass-roots efforts to market our profession to students at various levels
- Environmental Health Profession
 - Develop promotional materials for use at career fairs and market the profession through publications, newsletters, and websites
- Rapid Communication and Social Networking
 - Expand NEHA's e-news capabilities to provide more frequent updates to members
- Affiliate Forum
 - Enhance NEHA's website to provide a communication network for Affiliate Presidents
